

September 11, 2020

Good Evening,

I hope this letter finds you safe. We know the events of the last week have taken an extreme toll on our families. We want to inform you that our students will not be starting classes on September 14<sup>th</sup>. We want to create plenty of space and opportunity for our families to reconnect and get settled once mandatory and voluntary evacuations are over and air quality has improved. We are setting a tentative start date of September 21st for students to return virtually. We will also reschedule our student materials distribution once we have more information about the conditions in our district. In the meantime, continue to focus on the health and safety of your loved ones and we will continue to update you as we have more information about school resuming.

Be well!

Aaron Bayer, Superintendent
