

September 19, 2020

School starts this Monday, September 21!

Two hints for a successful first day of school:

1. Practice logging in to your Chromebook this weekend, and
2. On Monday morning, log in to your class 5 minutes early.

Visit Oregon Trail's [Help @ Home](#) website for parent and student resources and tech support:

- Learn how to log in to your Chromebook
- Find who to contact when you have a tech issue
- Learn about using Google Meet, Google Classroom, Google Drive, *and lots more*

Also on the [Help @ Home](#) page, check out the instructions and FAQs for using *ParentVue* and *ParentSquare*:

ParentVUE is where you can view student assignments, grades, and attendance. This is also where you register/enroll your student, using ParentVUE's online enrollment process.

ParentSquare is Oregon Trail's communication system for news, alerts, and notifications via email, text, or app.

We look forward to seeing our students virtually on Monday!
